BULB GROWERS

RIVER BANK BULB FARM

ETTRICKS, VA.

Poat Brothers' Bulb List for 1905.

SIR OR MADAM:

In presenting you with our list for the ensuing season, we draw your attention to the fact that we have now been established in the Bulb-growing business for five years, and that after careful experiments with varieties of bulbs and soils, we are now able to offer bulbs equal to the best European grown ones.

The fact that we sold more than four times as many bulbs during 1904 than during 1903, proves that our stock gives satisfaction to our customers. All bulbs offered are first size and suitable for forcing, but a second or third size can be supplied in most of the varieties. We shall be pleased to quote for same.
